23 April 2025

Dear Resident,

ESSENTIAL MAINTENANCE WORKS: UPDATE BULLETIN

A43 Brook Culvert Geotechnical scheme

I'm writing to provide an update on our essential maintenance scheme that's currently in construction along the northbound carriageway of the A43.

We'd originally planned to continue our overnight closures of the A43 Syresham Bypass **northbound** from Brackley to the B4525, from 22 April until scheme completion.

But due to clashes with other roadworks taking place within the local area, we've had to amend our programme. Please see the below table for more information:

Closure(s)	Date
A43 Syresham Bypass northbound from Brackley to the B4525	22 April to 25 April 2025 28 April and 29 April 2025 6 May to 9 May 2025 12 May to 14 May 2025 16 May 2025
Each night from 8pm to 6am	

During our evening closures of the A43 northbound carriageway, our escort service from the BP garage at Brackley will be in place. Customers who live in Whitfield will still be able to access the village during the overnight closures, via a meeting point at the BP service station. Simply go to the garage forecourt and speak to one of our Chevron traffic management team (who'll be waiting in Chevron branded vehicles), and they'll take you safely through our roadworks and into the village. If one of our team isn't at the BP service station when you arrive, then please wait a few minutes, as they'll be escorting another resident through the roadworks, and will soon return to help you as well.

Please ensure you pass this information on to any family, friends or carers who might be visiting during this time.

Please note that all our planned works still may be subject to change due to weather conditions or unforeseen circumstances.

We apologise for any inconvenience caused and will do our very best to complete the works as quickly as possible, keeping disturbances and noise to a minimum.

Get in touch

If you have any questions about these works, you can call the National Highways Customer Contact Centre on 0300 123 5000, or email info@nationalhighways.co.uk. You can also keep up to date on road closures by visiting our Traffic England website at www.trafficengland.com or by following our X (formerly Twitter) feed: @HighwaysEMids.

You can find more information about the scheme by visiting our webpage at <https://nationalhighways.co.uk/our-roads/east-midlands/east-midlands-maintenance-schemes> where you can also register to receive emails whenever new information is published, ensuring you're kept up-to-date on the scheme's progress. Or, if you'd like to receive email updates regarding the scheme, please email noreplyA43EMids@nationalhighways.co.uk

Yours faithfully,

Simon Wagstaff
