It was agreed at the Full Council Meeting on 10 March 2025 for National Grid to reconnect the electricity supply to the phone box at a cost of £654.25 inc. VAT.

This will give light for the public to see when accessing the defibrillator.

The Clerk has obtained one quote for clearing and preparing the phone box, which also includes fitting it.

A second quote is being sort.

If any Councillors or residents know of a 'handy person' who may be interested in providing a quote, please ask them to contact the Parish Clerk direct.

NB: They will need to be able to produce a formal quote and if successful, an invoice, which includes a VAT no. if they are registered.
