Councils have been instructed by the Government to create an ‘emergency recovery centre’ in every village. The Silverstone Recreational Association has been endorsed by WNHC with its donation of £240,000 to further its development.

The SRA would like to be awarded this status by WNHC as the go to destination for Silverstone village in the event of a disaster or catastrophe, a location that can hold more than 10% of the population.

We would like to understand how we get appointed for this, what the roles and responsibilities are, and what is needed in terms of communication and equipment to ensure that the SRA is ready.

Councillors are asked to approve to support the SRA to become appointed as the Silverstone Parish Emergency Recovery Centre.
